River East
Watershed**

Greetings from the Lower Minnesota River East Watershed,

The Lower Minnesota River East One Watershed One Plan Policy Committee, on behalf of the members, is pleased to present the Lower Minnesota River East Comprehensive Watershed Management Plan for 60-day review. This plan was developed using existing local water management plans and priorities, Watershed Restoration and Protection Strategies (WRAPS), existing and new studies and data and other related plans from state agencies to help target protection and restoration work in the watershed.

The plan is available to download on the Lower Minnesota River East Watershed website: <https://www.lowermnrivereast.org/>

Comments on the plan should be sent to **both**:
